

## TRACY CALIFORNIA

### Situated for Service!

USCS Tracy is an ultramodern cold storage distribution center constructed in 1993 and expanded in 2002 and 2005. The Tracy facility is located to provide ready access to major market areas.

The facility is specially designed for the storage and distribution of all types of agricultural and fully manufactured frozen and refrigerated goods.

Whether your need is the storage of bulk commodities or per case order selection and distribution via our PDQ (Proven Distribution Quality) freight consolidation program, you will find us situated for service!

### The Latest in Refrigerated Logistics Services
